The Bulletin

Norwich, Wednesday, Sept. 29, 1915.

VARIOUS MATTERS

There will be the usual amount of first of October moving.

Tomorrow will be noted in the church calendar as St. Jerome's day.

New London's annual city meeting Monday voted an 18 mill tax for the coming year.

Seekers for gentians are bringing home some fine ones from Tolland county towns.

Charlie Chaplin, "In the Bank," 2 reels. Colonial theatre. Five other films—adv.

Trainmen coming down from New Hampshire Tuesday reported snow in the White Mountains.

Students are leaving town for the opening of all departments of Yale university Thursday.

Mr. and Mrs. Ernestus Gilbert of New London reached the 35th anniversary of their marriage Monday.

The grass on Chelsea parade has been cut within the past two days, and the improvement is quite noticeable.

Bird students state that robins have been seen for the past few days hurrying southward in flocks of fifteen or twenty.

The women's prayer meeting at the Central Baptist church Tuesday afternoon was conducted in an able manner by Miss Anna B. Storms.

The mildness of Tuesday's weather resulted in many automobile parties being out for horse-drawn vehicles. The rain, incidentally, benefited the hotels and restaurants.

The Parish Visitor of St. James' church, Poquetanquet mentions that the recent outing of the Good Fellowship club netted the club \$10 above expenses.

The valuation cars 49 and 150, of the interstate commission which have been in Eastern Connecticut, are now stationed at Saybrook Junction and will cover the southern end on the Valley Branch.

Samuel Platt, 75, a resident of Fairview home, died Monday after an illness of a few weeks. Mr. Platt came to the Odd Fellows' home several years ago from a lodge in South Norwalk.

At the Niantic town meeting Monday it was voted that after Nov. 1 all non-resident voters shall pay a license fee of \$25 for horse-drawn vehicles and \$50 for automobiles annually. A tax of 10 mills was laid.

Mrs. Jeannie O. B. Sammis, widow of Dr. O. B. Sammis, who was lost in the collision of the steamers Narragansett and Stirling, died Saturday at her home in Amherst, N. J.

The peach crop at Bolton is drawing to a close. It was the second largest one since the Italians settled there and has been larger than the first big crop but the prices were not so good.

Nearly 200 delegates are expected at the W. C. T. U. state convention which is to be held at Calvary Baptist church, New Haven, Thursday and Friday. They will be guests for the night of the white-ribboners and friends.

The engagement is announced at New London of Miss Mary Cook, daughter of Mr. and Mrs. Terrence Cook, of Wallingford, to David R. Moran. The marriage will take place at St. Mary's Star of the Sea church next month.

The twenty-first annual convention of the state council, Junior Order of United American Mechanics, opened at Middletown Monday with a banquet and social time. Tuesday was given over to the business sessions and a banquet at noon.

Norwich is a little more liberal than New London in the matter of having its library open on Sunday. The city library reading room will open next Sunday and through the fall and winter months be open every Sunday—New London Globe.

New London papers state that Edwin Keeney of that city while visiting in Norwich last week has his pockets picked. While boarding the New London train he was robbed of his money and a purse containing about \$40 in bills.

Statements published in New York papers to the effect that the L type of submarines have failed to pass the government examination Sunday, are to be troubled with the Diesel oil burning engines, were later denied by officials of the Ship and Engine Company of Groton.

At Coventry, Rev. E. W. Potter of New Haven, assistant secretary of the Connecticut Temperance society, will preach in the church Sunday. Mr. Potter was once pastor of the Baptist church in Rockville and later was at Jewett City.

Of local interest is the Lennox society note that Mrs. Joseph C. Lennox and her sister, Miss Jennie S. Rathbone of Brooklyn, N. Y., who have been at Bath for a number of weeks, have returned to the cottage at Lennox, where they will pass October.

Ex-Congressman B. F. Mahan, who had a garden of several acres planted in New London, expecting to gather crop enough to reduce the high cost of living, has been notified by the gardener that everything has been stolen, leaving about enough for an old-fashioned New England dinner.

An executive meeting of the state council of the D. A. R. was held Monday in the state library at Hartford, outlining the work of the society for the coming season. A general meeting of the regents of chapters in the state is to be held in the Ellsworth house, Windsor, in October.

Went to Pythian Sisters' Meeting. Members of Clover temple, No. 9, Pythian Sisters, were in the city on Monday evening by autotruck to attend a meeting there where the grand officers were to be present. There were fifteen in the party when it left Franklin square a little after seven o'clock and others who joined in on the way made up a party of twenty.

Tax Blanks to Non-Residents. The assessors are preparing to send blank lists to non-resident taxpayers, as they are required to do by law this year. Non-resident taxpayers have to put in lists just like residents and the assessors have to send them in blank. 409 of these being required.

Lyme Physician Fined \$100. Among the cases in the United States district court at Hartford on Tuesday, Dr. James T. Tombs of Lyme was fined \$100 for violation of the narcotic drug law.

PERSONALS

Willis T. Rogers has been on a business trip to New York.

James J. Boland of Mystic is visiting relatives in Norwich.

Mrs. George A. Haskell of Jewett City was a Norwich visitor Tuesday.

Mrs. J. R. Moore of New Britain has been the guest of Mrs. Annie McVior.

GOVERNMENT BUILDING ASSOCIATION

Is Board of Trade Direction to Special Committee—Hopkins & Allen Treasurer Volunteers \$1,000 Subscription—President McGregor Says Erection of Buildings Would be No Mistake—Chairman Corkery Reports Inadequate Housing Facilities Now.

The certainty that there were insufficient accommodations here to take care of families that would come as a result of the development of the Hopkins and Allen Arms company, while it was thought that all the single men could be taken care of in boarding places that were known of, was brought out at the meeting of the Board of Trade held in its rooms in the Thayer building on Tuesday evening with an attendance of about 30.

One of the particular matters to come before the meeting was to hear the report of the housing committee and after that had been presented and discussed the meeting voted its approval of the recommendations contained in the report advising that a building or land association ought to be formed for the erection of erecting homes to provide for the Hopkins and Allen employees.

President Frank J. King called the meeting to order and the minutes of the last meeting were read and approved. He also read the report of the joint meeting held by the Board of Trade and the Board of Commerce committee over the housing problem.

John J. Corkery, chairman of the Board of Trade, introduced a resolution that a report be made to the Board of Trade of the information that had been obtained in the past week in the city in which a large number of families with the tenements and apartments that are to be built.

Mr. Corkery said he would like to know how many families will be brought into the city and how many will be brought into the city for a long time.

The report was accepted as one of progress.

President King introduced the meeting J. A. McGregor, president of the Hopkins & Allen company, who said as he started to speak that he had come on from Philadelphia.

Mr. McGregor said that he had not known of this meeting until he arrived in town earlier in the evening but he was glad to meet the business men of the city. He confirmed the recently reported estimate of \$20,000 which the Hopkins & Allen company would subscribe towards a new wave plant in the city.

He said that the company was an assurance that the company was in earnest.

He spoke of the absolute necessity if workmen were to be kept that they should be satisfied with the places their families had to live in and he said that he had no objection to the Twist Drill company in going to Athol where the matter of housing was solved by a private individual who was the director of the company.

He said that the company was taking hold of the building of a lot of houses which the company subsequently took off his hands after several years and then sold them to the company.

In Athol, he said, the company found that they were met with talk of a public meeting but they found out later that the company was not interested in building new houses but in building what they were after there was to raise rents.

He said it was necessary to go into this with some faith but he felt sure.

CHOIR GAVE ORGANIST FAREWELL RECEPTION

For Waldo S. Newbury at Trinity Methodist Episcopal Church.

Waldo S. Newbury, who officiated as organist of the Trinity Methodist Episcopal church for the last time Sunday evening service and who leaves tonight for New York where he will hold a position of music, was tendered a farewell reception by the vestal choir in the church parlors Tuesday evening. Popular games and music passed the evening all too quickly and at the close refreshments of cake, cookies and coffee were served by the committee. Mr. Newbury was a handsome, well-dressed, silver-haired man, and his departure was a loss to the church.

Mr. Newbury's departure is deeply regretted, especially by the young people of the church, with whom he is very popular, but in leaving he takes with him the best wishes of all. Rev. Frederick W. Coleman, the pastor, was present during the evening.

NIGHT SCHOOL TO OPEN NEXT MONDAY.

Date for Beginning This Year is Made Early.

It has been decided to begin the night school a week earlier than had at first been contemplated. School Superintendent E. J. Graham said on Tuesday that the school will open at 7:30 o'clock and continue until 9.

AT DAVIS THEATRE.

Vaudeville and Photo-plays. The Symphonic Sextette, one of the top-line offerings of the season at the theatre, was the attraction on Monday night. The sextette, with their programme that brought in a variety of instruments. Each member of the sextette was an artist and their solos and ensemble numbers were equally pleasing. On the picture screen was the big Easany production, Graustark, which was one of the strongest and most elaborately produced reels that has been seen at the theatre, while along with it were the Mutual War Weekly and a farce comedy reel that was full of laughs.

Rocky Hill—Winfield S. Churchill fell from an apple tree, breaking his collarbone and two ribs.

ELKS!

HAD 2000 VISITORS AT ELKS' HOME
During Reception Hours on Tuesday—Dedication of Lodge Room Tonight.

Some two thousand men and women accepted the invitation of Norwich lodge, No. 430, B. P. O. Elks, to inspect the handsome addition at the Elks' home on Tuesday afternoon and evening from 3 until 10 o'clock. The greater number of the visitors arrived at the home between 7 and 9 o'clock and gave the exclaimations of surprise and wonder at the attractiveness of the interior, especially the lodge room, which was beautifully decorated and brightly illuminated by numerous electric lights. The refreshment and billiard room also came in for a good deal of attention and favorable comment.

Richard K. Plaut, chairman of the reception committee, said that if the Elks lodge for Norwich, he would not be afraid to put up a couple of hundred houses. Unless something is done you're going to cripple the Hopkins & Allen Co., he said.

The men in the concern had never been connected with failures, he said, but if the Elks lodge should be a failure, which he didn't think would be so, they were other things in making the house building question was not one on which he professed to have any accurate knowledge.

He urged the necessity of doing something with speed to be of the greatest help to the housing problem and he was applauded as he took his seat.

Questioned.

In response to some questions from James L. Case, Mr. McGregor said that thought double decker houses with six rooms to a tenement on a lot of 100 feet would be about right, but he said the house building question was not one on which he professed to have any accurate knowledge.
